The date on which the response, the petition, and the fee have been filed is the date of the response and also the date for the purposes of determining the period of extension and the corresponding amount of the fee. #### **ATTACHMENT TO ADVISORY ACTION**

Applicant has submitted an Amendment After Final on June 12, 1996 further amending independent claims 1 and 6.

Applicant's amendment to the claims brings up one issue which has not been considered in the last Office Action relative to the applied prior art. Applicant proposes to amend claim 1 by specifying that a "continuous" conduit is directed from a feed tube mounted on the machine. Since this feature is considered a new consideration requiring further review relative to the prior art, the amendment will not be entered. However, if applicant supplies a supplemental amendment including all the additions made in the June 12, 1996 Amendment after Final with the exception of the "continuous" limitation, the amendment will be entered for purposes of Appeal.

In conclusion, the Amendment After Final filed June 12, 1996 has not been entered.
